

SYSTEMS & STABILITY

ADD MORE STABILITY TO WORK PLATFORMS & SYSTEMS

BRIDGE PLANKS & CONNECTING RAILS

Scissor Deck systems include a bridge plank and 2 telescoping connect rails.

BRIDGE PLANKS

- Attach to top & mid rails of Scissor Deck handrails
- 500 lbs rated weight capacity
- Perforated dimple anti-slip tread challen surface
- Locking pins secure through decks on each end
- End bridge plates
- Custom lengths available

- 10' x 20" (130" L) anti-slip deck (CP020)
- 10' x 20" (130" L) checker plate deck (CP020E)
- 10' x 30" (130" L) anti slip deck (CP030)

TELESCOPING CONNECT RAILS

- Open for installation, close for storage / transport
- Safety orange powder-coated outer tube rail end

- 10' top rail (TC10TR)
- 10' mid rail (TC10MR)
- Top and mid rail set (TC10TMR)

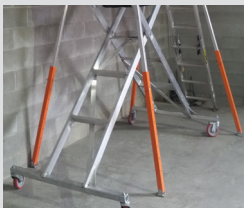

STANCHIONS, OUTRIGGER LEGS & LEG END TUBE SUPPORTS

Reduce deck movement while allowing for up to 180 degree support placement.

STANCHIONS

- Now supplied with all 5000 Series and taller system packages
- Bolted inside of 30" & 40" width deck packages or supplied with 20" width decks
- Locking spring pins connect telescoping tubes mounted to swivel base
- Support adjustments are easy with 0.8" incremental height settings

- Set of 2 for 5000 Series (STAN5)
- Set of 2 for 6000 Series (STAN6)
- Set of 2 for 7000 Series (STAN7)

OUTRIGGER LEGS

- Increase height & stability
- Adjust for caster & camber
- Set legs independently
- 1" height increments
- Up to 20" height differential
- Set of 4 (OL4)

LEG END TUBE SUPPORTS

- Upper level support for outrigger legs used on two different level surfaces such as helicopter dollies.
- Glued on rubber base pads
- 4 ends w/ fasteners (LETS4)
